President’s Letter

Welcome to the Orlando Chapter of the Professional Construction Estimators Association of America. The Orlando chapter was founded in 2002, and has grown to be one of the largest chapters in the organization. This fun-loving group of construction professionals meets on a monthly basis to exchange ideas, promote education, and recognize construction estimating as a professional service within the construction industry.

At PCEA Member Meetings, we strive for attendees to leave knowing that their time was well-spent. Speakers often include representatives of Owner’s presenting information about upcoming developments in both the public and private sectors of the construction industry. There are plenty of opportunities to network and socialize – whether it’s during the happy hours before each meeting, or at one of our many social events.

Membership provides a range of advantages that can benefit you professionally and personally, so please be sure to renew or sign up for the first time today. Your membership in the Professional Construction Estimators Association of America’s Orlando Chapter will not only reward you; but your dues and participation in events like our Annual Randy Welch Memorial Golf Tournament will pay for scholarships for young professionals furthering their careers in the construction industry.

Please do not hesitate to reach out to me or other Board Members if you would like to get more involved. We hope you enjoy your time spent with us, and look forward to seeing you at future events.

Thank you,

Christina Kanhai
PCEA Orlando, Chapter President

PCEA NATIONAL CONVENTION

If you didn't go to the PCEA National Convention's Luau Kickoff Party, then you definitely missed out! Chapter President Christina Kanhai did a wonderful job of organizing this fabulously fun event, complete with Hawaiian Luau style dancers performing traditional dance and a flame twirler! Fun times were had by all at the Get Out and Play event hosted at the Main Event at Pointe Orlando on Friday. And the PCEA's Orlando Chapter went on to win the National title of PCEA Chapter of the Year, which we will be defending next year as we continue to strive as the largest chapter in the country.

PCL CONSTRUCTION SERVICES, INC. – GOLD SPONSOR

Since 1978, PCL’s Florida Buildings group has provided exceptional services and delivered unrivaled projects throughout the southeastern United States. The group reaches markets as far west as Texas, north to the Carolinas, and in cities throughout Florida that include Orlando, Miami, Jacksonville, and Tampa.

Centrally located in the heart of Orlando’s world-class tourism district, PCL’s state-of-the-art office facilities house a dynamic organization with integrated business units and services that meet the full spectrum of your needs. In-house experts deliver preconstruction, estimating, operational, general contracting, construction management, and design-build services to clients in the hospitality, commercial, entertainment, higher-education, mixed-use residential, aviation, and Special Projects markets, all from within the local Orlando office.

The team of construction professionals supporting the Orlando office work and live in Central Florida and dedicate their time and resources to serving local nonprofit and community organizations. PCL continues to be recognized as one of Florida’s Best Workplaces because of the dynamic culture and the passion our people display for strengthening their communities.
